**Re: Utility History**

Thank you for contacting Vectren Energy Delivery to request billing history for the below listed location(s). In response to your request, below you will find the billing information for this address, including the lowest, highest, and average bill amounts during that period.

Please be aware this is 12 months of historical information and the cost of natural gas has increased during the last year. The projection for the 2006-2007 winter gas bills was a 45% to 50% increase based on normal winter weather and stable gas costs. The winter heating season is considered November through March. A colder than normal winter and an increase in gas costs can dramatically affect these projections.

<b>Address:</b>  <b>Average Bill:</b>  <b>Low Bill:</b>  <b>High Bill:</b>	<b>Address:</b>  <b>Average Bill: \$</b>  <b>Low Bill: \$</b>  <b>High Bill: \$</b>
<b>Address: 1627 N Villa</b>  <b>Average Bill: \$ 128.38</b>  <b>Low Bill: \$ 66.90</b>  <b>High Bill: \$ 232.92</b>	<b>Address:</b>  <b>Average Bill: \$</b>  <b>Low Bill: \$</b>  <b>High Bill: \$</b>

If you have any questions or need additional information, please contact Vectren's Customer Care Center at 1-800-227-1376. We appreciate your business at Vectren.
